Historical Inquiry & Informational Reading . Reading about and understanding history is critical in the digital age. Students need to understand that regardless of whether you're investigating something that took place 200 years ago or 2 minutes ago, you need to ask: who wrote this and published this? can the document be trusted? what's the perspective? what are we missing? what's the context?

Intelligence To be intelligent you first have to know what being Intelligent is. And you also have to know what being ignorant is. Ignorant is just another word for "Not knowing".But not knowing is not always obvious or clearly understood.That's because learning is not fully understood. The more you learn the more you should realize what you didn't know.
