3 approach is to identify inconsistencies between the actual characteristics of financial markets and the assumptions about these characteristics that serve as the foundation for economic theory.

PECIAL POLICY REPORT 12

The "too big to fail" theory asserts that certain corporations, particularly financial institutions, are so large and so interconnected that their failure would be disastrous to the greater economic system, and that they therefore must be supported by government when they face potential failure. The colloquial term "too big to fail" was popularized by U.S. Congressman Stewart McKinney in a ...
